

Websites on molestation and child abuse

<http://www.childmolestationprevention.org> is a site that gives information on early diagnosis and effective treatment for child abuse.

<http://www.childhelp.org> gives child molestation information as well as prevention and treatment of child abuse.

<http://www.prevent-abuse-now.com> provides information regarding children and safe internet access.

<http://www.childluresprevention.com> is a program that informs parents and children of safety and prevention issues. This site offers an Internet safety pact that your child can read and sign.

<http://www.justiceforchildren.org> is a program that provides signs of sexual abuse and information on how to protect your child.

<http://www.stopitnow.org> provides information on how to keep your children safe from sexual harm.

<http://www.safenowproject.org> is a website including facts, safety tips and information on reporting child molestation.
